VOLUNTARY PLEDGE DRIVE

Once a disciple asked "Why does Master want me to donate? Master replied "Because it keeps you in tune with the Guru". The Master also said "Unselfishness is the governing principal in the Law of Prosperity".

In Pledge/Donating to SRF/EMC we have a convenient vehicle for serving Master's work and activating the Law of Abundance in our own lives.

By using this method we have almost collected enough money to pay off the present site. In approximately 8 years we will have collected \$800,000 towards our present site. That is great progress! This method of donating will fund our future Master Plan.

How much money do we estimate we will need for a Master Plan? Approximately 1.2 million dollars. With our current track record, that is attainable in about 10 years with consistent Pledge/Donating and some large donations.

As we develop a Master Plan we will then be able to estimate actual costs.

If you would like to participate in this pledge fund, please fill out the "Pledge Form" below.
